

**Advanced Ceramics and Applications VII:
New Frontiers in Multifunctional Material Science and Processing**
Serbia, Belgrade, September 17-19th 2018.

ACA Conferences bring together annually leading scientists, engineers, professors, PhD students, experts and manufacturers of advanced ceramics, glasses and refractories to exchange information on their key achievements and research projects. Advanced ceramic plays outstanding role in electronic and information industry, renewable energy utilization, environmental protection, security, space technology, cultural heritage restoration, prosthetics fabrication, etc. ACA Conference has been initiated with an outstanding **Scientific Committee** from well-known institutes/universities across the globe, making it a specially designed cluster conference that covers all aspects and fields of advanced ceramic research.

Serbian Ceramic Society was initiated in 1995/1996 and fully registered in 1997 as Yugoslav Ceramic Society, as the endorsed society of the American Ceramic Society. Since 2009, it continues as Serbian Ceramic Society. Serbian Ceramic Society is one of the few Ceramic Societies in the South-Eastern Europe, with members affiliated with more than 20 research institutes and universities, active in 12 sessions, according to the program framework defined by the American Ceramic Society. Serbian Ceramic Society is in the process of nomination to become one of the European chapters of ACerS.

If you want to participate, please submit your abstracts for one of the following sessions:

- Basic Ceramic Science and Sintering
- Optical and Glass Ceramics
- Electronics, Simulation and Modeling
- Amorphous and Magnetic Ceramics
- Constructive ceramics, Refractory, Cements and Clays
- Nanoceramics and Nanotechnology
- Biomedical Ceramic Materials
- Electrochemistry and Catalysis
- Art, Archaeology and Conservation

Honorary President of Serbian Ceramic Society
Academician Momčilo M. Ristić

President of Serbian Ceramic Society
Prof. Dr. Vojislav Mitić

Conference Co-chairmen:
Prof. Dr. Olivera Milošević SRB

Conference abstracts will be published in the **Book of Abstracts**.

The official language of the conference is **English**.

Serbian Ceramic Society and Springer are delighted to announce that two books of **Springer`s Materials Science Series** will draw on the research and innovation of ACA Conferences:

Selection of Papers – a compilation of selected research from the most recent conferences, and *Scientific Status Reports* – a topical book of review chapters (20-30 pages each) aimed at bringing the latest developments in the specific fields of ceramic science to a broader audience.

Beside, limited number of presented topics will be published in following journals: *Journal of Ceramic Science and Technology* and *Science of Sintering*.

Deadlines for submitting of full manuscripts will be delivered with the Second Conference Call.
